

PN NA PHASE 1 CRUMBLE COMPLETE

To Increase the Digestibility of Phytin-Bound Phosphorus in Complete Swine Starter Diets GUARANTEED ANALYSIS

Crude Protein, min	19.0	%	Salt, min	0.5	%
Lysine, min	1.5	%	Salt, max	1.0	%
Crude Fat, min	4.5	%	Chromium, min	0.2	PPM
Crude Fiber, max	3.0	%	Selenium, min	0.29	PPM
Calcium, min	0.5	%	Zinc, min	3,000	PPM
Calcium, max	1.0	%	Phytase (Trichoderma reesei), min	904.0	FTU/LB
Phosphorus, min	0.6	%			

One unit of phytase activity (FTU) is defined as the quantity of enzyme which liberates 1 micromol of inorganic phosphorus per minute. Environmental factors such as feed pH, moisture, and processing methods such as pelleting or extrusion, may affect enzyme activity.¹

INGREDIENTS

grain products, plant protein products, animal protein products, vegetable oil, processed grain by-products, yeast extract, calcium phosphate, sugar foods by-products, calcium carbonate, pulse protein, L-lysine, roughage products, zinc oxide, dl-methionine hydroxy analogue, tricalcium phosphate, citric acid (a preservative), salt, corn starch, potassium citrate, L-threonine, silicon dioxide, L-valine, natural flavor, artificial flavor, benzoic acid (a preservative), L-isoleucine, hydrolyzed yeast, tryptophan, lactose, butyric acid, phosphoric acid, manganese sulfate, choline chloride, zinc sulfate, mixed tocopherols (preservative), aspartic acid, malic acid, fumaric acid, niacin supplement, vitamin D-3 supplement, sodium selenite, L-tryptophan, dried Trichoderma reesei fermentation extract (phytase), thiamine mononitrate, copper chloride, riboflavin supplement, vitamin B-12 supplement, selenium yeast, pyridoxine hydrochloride, ferrous sulfate, biotin, folic acid, dried Bacillus licheniformis fermentation product, d-calcium pantothenate, dried Bacillus subtilis fermentation product, vitamin A supplement, menadione nicotinamide bisulfite (source of vitamin K activity), calcium lactate, d-alpha-tocopheryl acetate (source of vitamin E), zinc proteinate, ethoxyquin (a preservative), n-butyric acid, sodium hydroxide, vitamin E supplement, mineral oil, calcium hydroxide, calcium oxide, glycerin.

WARNING: This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper.

This product has been formulated specifically for swine and is not intended for other species.

Caution: Follow label directions. Feeding this feed containing added selenium at levels higher than recommended is not permitted.

Caution: Follow label directions. Chromium from all sources of supplemental chromium cannot exceed 0.2 ppm of the complete feed for swine.

FEEDING DIRECTIONS:

Feed as the sole ration to swine. Always provide a source of fresh, clean water.

Hubbard does not use "Restricted-use Proteins" in their products and is in compliance with FDA and state requirements regarding the use, handling and storage of "Restricted-use Protein" products.

HUBBARD FEEDS

111 West Cherry Street Suite 500

Mankato, MN 56001

Net Weight 50 lb (22.68 kg) or bulk invoice.
